

Little Sugar Snaps

a division of Captured Images By Augie

Our mission at Little Sugar Snaps is to create and preserve memories of those little dimples and smiles that you will always have to cherish. The beauty of motherhood and the joy of childhood is our inspiration in creating your keepsakes. Prior to your session, there is an initial consultation to discuss your goal for the portraits. Our portrait sessions are intimate in our home studio or your home. These sessions will last 1-2 hrs to comfortably allow for feeding and outfit changes. The long portrait session will also provide for unlimited poses and unlimited photos taken to capture the absolute best portrait. Up to 4 individuals can be included for each session. You will be able to choose from 40-60 proofs viewable in our studio and in an online private gallery. All prints ordered will be retouched and enhanced before printing. Borders, vinettes and text can be added to all prints at no additional charge. Unlike other studios, we do not restrict your choice to just one pose for all the print sizes. Your choices for your memories are unlimited. Unlike other studios, we guarantee that you will be 100% satisfied with your experience.
